## Progress . . . . .

Our sale last year proved very successful . . . the cattle sold have in the past year proved profitable to the many buyers and we have had excellent reports on their development and performance in their new homes. This is as it should be for during the nearly half century we have been producing Registered Shorthorns we have bred into them the quality that makes for fast efficient beef production at a minimum cost of production. We are prompted to believe that this offering will surpass our last year's sale in added value. The entire offering of 54 head is sired with but one exception by our three herd bulls, Brawith Gold Nugget, Brawith Nugget and N. U. Gold Nugget, all richly-bred individuals of excellent type and conformation and all very similar in blood lines. To further intensify the same modern type and quality in our herd we have during the past year added another bull to our herd sire battery. He is Divide Defender 2d bred by the Allen Cattle Co., Colorado Springs, Colorado and sired by Divide Defiance, the 1942 International Congress Champion bull, we believe few sires if any will surpass him in shortness of leg and fleshing quality. We feel fortunate that in this sale we can pass this Championship breeding on to our customers through the 30 heifers that sell carrying his mating.

We welcome you to our Second Annual Sale at the farm on September 26 and believe we can offer you the opportunity to share in ownership of one of the season's most valuable offerings.

JOHN SWANSON AND SONS.

**GOLDENDROP QUEEN 79th**—Competent cattlemen have told us that few better heifers will sell this year. Most certainly she is backed with the best in Shorthorndom and is no mere accident.

# Quantity

Over 100 registered Shorthorn females will drop calves on the Swanson farm this year. A herd of such size allows discriminate culling of the cow herd at all times. Its size more easily supports a stronger more valuable herd sire battery. All this makes for superior calf crops of highest quality and type.

## Buy Both In This Sale September 26

### 19 Bulls

### Sell

All of these heifers sell in this sale, they are a good cross section of how our females look handled under ordinary practical conditions with no special box stall or herdsman's care. Left to right, Bessie 118th, Queen of Rothes E, Augusta Royal Lady 2d, Rosewood 98th E, Dorothy Gloster S (in rear), Heather Belle 77th, and Victoria Lass 2d.

The sale will be held under cover at the farm and lunch will be provided at noon. Please bring this catalog with you and if in need of transportation from Fisherville get in touch with us at the farm.

The original Swanson homestead now a part of the 995 acre farm operated by Harry and Ray Swanson. It is here that the sale will be held.

# Quality

The quality of this herd has been such as to attract buyers from the border on the North to the state of Louisiana on the South. Each year a number of calves are placed with 4-H members to be given the acid test for individual performance. They have won many awards wherever shown including the International Stock Show at Chicago.
